

NCI Onsite Training

What is Onsite Training?

The same NCI Certification training we offer year-round can be delivered right to your doorstep. This flexible and cost effective option is ideal for training a group or launching a companywide implementation of new services.

NCI onsite training can be delivered as our standard curriculum or completely customized to match the training goals for your team.

PLUS: *Onsite Training is now eligible for NCI's NEW Financing Program.*

Benefits of onsite training include:

For Your Company

- Minimize downtime from the field with flexible scheduling
- Significantly reduce expenses by training groups rather than individuals
- Tailor your agenda based on training needs and goals
- Streamline implementation by having all personnel on the same page
- Certify or re-certify your staff with NCI Residential or Commercial Certifications
- Earn NATE, BPI and State CEUs (where applicable)

For Your Employees

- Every employee has a consistent hands-on learning experience
- Training can be customized
- Spend less time traveling, more time training with NCI Instructors
- Builds camaraderie and greater productivity
- Earn NCI Certifications and CEU credits.

CLASSES THAT QUALIFY FOR ONSITES:

- Residential System Performance
- Commercial System Performance
- Combustion Performance and CO Safety
- Residential Air Balancing
- Commercial Air Balancing
- 1-Day Air Testing & Diagnostic **PLUS** 1-Day Field Testing

Pick from the above classes and bundle with the tools and instruments your field team will actually use in their training and on the job. The bundles shown are just examples of how you can combine training with tool and instrument purchases.

NEW: You can now **FINANCE** onsite training when you bundle it with tool purchases through NCI's new Finance Program.

Be sure to call Mike Fowle at 800-633-7058 for details.

How To Book Your Onsite in Five Easy Steps:

- 1** Choose from two, three, or more days of training for your company's field specialists. Onsite training can include both classroom as well as field training.
- 2** Contact NCI's Mike Fowle at 800-633-7058 or MikeF@ncihvac.com to make the arrangements for trainers to come to your place of business or a location of your choosing.
- 3** Determine what areas you want to focus your training on. NCI will customize classes to meet YOUR specific needs.
- 4** Set the date, place, and time you want training to begin.
- 5** Return the signed contract with your deposit. Final Payment is due two weeks prior to your start date(s).

That's it! Our schedule is filling up fast, so don't hesitate. Contact Mike Fowle today to reserve your dates. Spots are limited, so be sure to lock in your bundled training dates right away!
